Mr. Edward J. Phillips
Regional Administrator
Great Lakes Region
U.S. Department of Transportation
Federal Aviation Administration
2300 East Devon Avenue
Des Plaines, Illinois 60018

Dear Mr. Phillips:

I'm writing to extend my thanks to Mr. Clyde Pittman and other members of your staff for their cooperation regarding the Kenosha, Wisconsin air traffic control tower project.

The meetings between Federal Aviation Administration (FAA) personnel and Kenosha Regional Airport officials on December 11, 1991 and January 17, 1992 have been very helpful. As stated in my previous letter to you Kenosha Airport Director, Dennis Eiler, is seeking input on the proper procedures involved in constructing and equipping the air traffic control tower. I'm confident that we are moving in the right direction on this project, but I also understand that we still have numerous issues to resolve before we see completion of the control tower.

Again, I appreciate your cooperation and assistance to date and I look forward to working with you and your staff on this project in 1992.

Sincerely,

Les Aspin
Member of Congress
